## Member Minute

### What is Member Minute and how can YOU get involved?

All we need from you is **"GOOD NEWS"** about your business! We'll compile what we receive and send it out in a monthly mailing to all Chamber members:

Is your business celebrating an anniversary?

Have you received a new accreditation or won an award?

Got a new hire?

Has your business moved or opened a new location?

Are you involved in a charitable partnership in our community?

**This is the type of "good news" we want to share!!**

Tell us what's new with you & your business...  
Email us TODAY at [info@fuquay-varina.com](mailto:info@fuquay-varina.com) to share your good news!

## Harnett Health

DUNN & LILLINGTON, NC. – Betsy Johnson Hospital in Dunn and Central Harnett Hospital in Lillington have both received an “A” for patient safety and

patient safety preventative measures from the nationally recognized Leapfrog Group. The Leapfrog Group's Hospital Safety Grade represents how well a hospital protects patients from errors, injuries and infections. The Hospital Safety Grade is the nation's only rating system focused entirely on errors, accidents, injuries and infections and their prevention. Grades are assigned twice a year in the spring and fall.

Other hospitals in the triangle received the following grades from the Leapfrog Group: Betsy Johnson Hospital (A), Central Harnett Hospital (A), Cape Fear Valley Medical Center (A), Duke Hospitals (A), UNC Hospitals (A), Central Carolina Hospital (C), WakeMed Raleigh (C), and WakeMed Cary (C).

Developed under the guidance of a national Expert Panel, the Leapfrog Hospital Safety Grade uses 28 measures of publicly available hospital safety data to assign grades to more than 2,600 U.S. acute-care hospitals twice per year. The Hospital Safety Grade's methodology is peer-reviewed and fully transparent, and the results are free to the public.
